NATIVE APP DEVELOPMENT	\$1200	\$1630	\$2005
LIST ON APPLE & ANDROID STORES	\$250	\$250	\$250
Ongoing monthly fee	\$65.00	\$95.00	\$120.00

There are two types of mobile apps.
 Native apps & PWA Apps.
 Native apps are developed for Android & Apple devices and are downloaded from their app stores.
 Two apps have to be developed, one for Android and one for iOS.
 PWA apps do not require an app store and can be downloaded via a QR code.
 We prefer PWA apps but can develop both.
 There is an additional cost of \$250 per app to upload it to the appropriate app store.
